## 1. Chapter 1

Hello, My name is Daiki I am a 18 year old person who now currently in another world wanna Uhwhy? WELL THEN CUE THE FLASHBACK!

**\*\*FLASHBACK~!\*\***

\* \* \*

><p>"Hm? What is this thing?" I looked at this random magic circle but I was oblivious and didn't know it was a magic circle. "HUH?! WHAT THE HELL! DOES EVERYONE SEE THIS?" I looked around there was no one there but the circle was glowing "HELP ME! HELP!" The Circle was dragging me and apparently I was sent to another world... in the air... with another person? WAIT ANOTHER PERSON!? "HEY YOU IF YOU ARE AWAKE YOU BETTER GO AHEAD AND OPEN YOUR EYES!" I shouted because all the wind is making my voice low<p>

"Uh HUH?! WHAT THE NEP!" She was now flailing her arms

'\_Uh did she just say what the Nep?'\_ I thought to myself "Oh we are in the air FREE FALLING!" I told her she only noticed me now

"Oh hi there!" she said with a smile " Oh by the way, we are about to reach the ground!"

\_'HOW CAN SHE BE CALM ILL DIE! DOESNT SHE WORRY'\_ \_I thought in panic as I looked down

"MOVE! MOVE! MOVE!" I yelled to the two people below us

**\*\*? POV\*\***

"Heeeey, waaaait! you walk soooo fast..." said a girl who is wearing pajamas

"You're just slow." said a twin-tailed girl with black hair "That's why I told you to stay behind instead of following me."

"Aww, but I reeeeeeally wanted to go with you..." She said disappointed

"Huh?" she sounded confused

"Hey, what're you spacing out for? I'm kind of in a hurry, y'know." she said kind of angered

"Yeeeeeah, I know, but..." she started

"But what?" again she is mad

"Ummmm, well... Hmmmm... I wonder how I should put it..."

"Jeez, you're such a flake. Spit it out already.? Now she sounded pissed

"Um, well up in the sky... There are... two people..." She finally said

"Two people? In the sky? You're so hard to get sometimes." She stated confused

"Well... It's more like two people... are falling..." She says with no care in the world

"Um, what? We're out in the middle of nowhere, so how and why would some people fall out of the sky?" She was stated with an irritated look

"The thing... Noire the place you're in uh." she didn't finish saying her sentence

"I'm...?" she was now really confused

"Move move move move move move move!" two people were shouting

"Huh? BLMAWDHAWDBJAWIAD" She was squashed R.I.P  
jkjk

**\*\*\*CRASH\*\*\***

"Wowee... what a loud crash....!" she was surprised

**\*\*DAIKI POV\*\***

"Ouch. Man, that was scary. That had to have shaved a few years off my life." she said

"Oooh, you're still alive... Are you... okay...?" she asked I was stuck in the ground legs sticking up

"What's up? Oh, yeah, a fall like this is nothing! I'm what you'd call a seasoned sky-faller" so the sky-faller said "I mean, I can't lose my memory every single time I fall from the sky." she said again

"Whooooah, a seasoned sky-faller....! But, um... Noire is and that person is..."

"Oops! Sorry to freak you out. I'm Neptune. Nice to meet you!" so Neptune introduced herself

"Huh? Oh, oh, I wanna Introduce myself too... I'm Plutia. It's nice to meet you..." Plutia introduced herself

"Cool! That name totally sounds like something a magical girl who loves takoyaki would have!" Neptune said

"What's a takoyaki...?" Plutia asked curiously

"Uh, never mind. Plutia, huh? Too many syllables for my taste. How about I call you Plutie?" Neptune said with no care like before

"Ooh, okay... In that case, let me give you a nickname, too. Hmmmmmm... I like... Neppy" Plutia said with a hint of happiness in her voice

"Nice one, Plutie! By the way, where are we? I dunno if I've ever been here before." Neptune asks looking around

"Here? This is Planeptune... It was chartered just a liiiittle while ago..." Plutia said to Neptune

\_ 'Why am I still stuck in the ground... Never mind Ill ask them to get me out, when they finished their conversation' \_I thought more annoyed then ever

"Planeptune? Nuh-uh I know Planeptune like the back of my head!" Neptune stated out "And that stuff about it being new or whatever is wrong!"

"Whaaaat? Really...? I'm telling you the truth..." Plutia now being dumbfounded

"Oh, uh-huh, sure. This is some kind of hidden camera reality show thing, isn't it?" Neptune trying to prove herself right "You picked on the wrong girl to play a prank on. Ain't no way you'd be able to trick Planeptune's CPU!"

"Whooooa! You're a CPU...? I had noooo idea that you're Planeptune's CPU too..." Plutia surprised

**\*\*TIME SKIP TO WHEN THEY FINISH TALKING I DONT WANNA TYPE THEIR WHOLE CONVERSATION\*\***

"How long are you gonna chat while sitting on me!?" said the person Neptune was sitting on

"AND CAN SOMEONE GET ME OUT OF HERE, THIS IS REALLY BAD FOR MY HEALTH LIKE SERIOUSLY GET. ME. OUT!" I shouted because I was quite

annoyed

"Uh-oh...! Noire, you never told me that you're a mole person..." I groaned as they ignored me

"Because I'm not, obviously! Did you forget I was here?!" she stated angrily

"AND IM PISSED AT EVERYONE HERE DIDNT EVEN KNOW I WAS STUCK IN THE GROUND!" I was shouting I was angrily shouting which people ignored

She just lectured the two I was struggling to get myself up as I did I didn't realize I had a sword I had the intent to slice those two in half but I calmed myself down and sheathed back my sword.

"Oh who are you? We were just gonna go to Planeptune!" I was angry but I was controlling it

"My name is Daiki" I said disappointingly

"My name is Noire, this is Plutia" she said and I was looking around

"This is Planeptune? Never really heard of it unless I got stuck in another world due to that... magic circle..." I now knew I was in another world I started freaking out "OH NO OH NO NO NO NO NO! WHAT WILL MY FRIENDS SAY WHEN IM NOW JUST RANDOMLY GONE... OH GOD I WILL MISS MY STUDIES ILL BE AS DUMB AS A ROCK!" I took a deep breath "Never mind what happened, can I come along?"

"Sure. You look like you need a place to rest." Noire said worriedly

**\*\*AT THE PLACE WE ARE\*\***

"How many times do I gotta say it?! Are you listening to my words!? I'm me! and you know me, Noire!" Neptune said as she was tired repeating what she wanted to say

"I kind of understand what you are saying..." I said

"Ugh, this feels hopeless. She must've hit her head really, really hard" Noire said quite annoyed. She then looks at me "Oh, by the way, how are you holding up?"

"Huh? Yeah I am okay now I have calmed down a lot..." I say that but \_'Man how is my sister and brother holding up, I have probably been gone for at least a few hours...' \_I thought worried and Noire looked at me saddened as she saw my sad expression, I didn't notice some tears drop from my cheek.

"Huh? Why am I crying I'm not sad... but I ju...st can't feel but breaking up..." Now this got everyone worried I didn't want to worry them "It's fine I will take a longer rest now" I said as I closed my eyes pretending to sleep but didn't really.

"Aww, so Neppy is gonna die and Dai gonna be sad forever" Plutia said worried

\_ 'Dai? She already thought of a nickname?'\_ I thought to myself listening to them talk

"I'm not gonna spin the buckler! if I up and croack, the game will show a screen saying 'You Are Dead' Neptune saying as if she was in a game. I fell asleep for a long time and when I woke up I didn't know where I was.

**\*\*HUGE TIMESKIP!\*\***

When all I woke up all I heard was someone say you will be defeated by Arfwart or Arfware or something in that line I stood up only for Noire to say something like What?!

"Seven Sages! She definitely said 'Blah Blah Blah, Seven Sages!'" Neptune Exclaimed

"Sevens Ages?" I asked curiously "What is that like a soap store or and Aging store cause it is Sevens Ages!" I said to them only for them to deadpan

"Dude! Don't give that away, chu!" A rat said I was surprised

"HOLY WHACKA MOLEY DID THAT RAT JUST TALK IM IN A DREAM ARENT I?" I pinched myself and punched myself "OW!... nevermind I take it all back this is real..."

After that the rat just left, Noire was gonna go after it but Arfware or whatever stopped her and now apparently we are in battle but we lost instantly, but how there was thee of us one of her! Plutia went after that rat and had a weird conversation she transformed and Arfware was gonna kill Neptune till

**\*\*SPLAT\*\***

"..." I didn't say anything Neptune and Noire were shocked "Oww guess getting stabbed with a lance hurts more than I originally thought huh? haha"

"Dai w-why did you protect me?" Neptune said still not handling this

"You have way more importance and hey I think Plutia is back so our help is here." I turned and gave Neptune a weak smile as I layed there as I was dying away

"My, my... To be both disgraceful and lovely at the same time..." The mysterious voice said "Pretty young things getting laid out by an ugly tramp is a rare sight and One is dying as we speak."

They were just having some weird talk as usual Plutia toyed with them for them to gain the Discs and as they got the Discs...

"Ahh. It's been too long since I've taken on this form. Although, I seem to look a tiny bit different here..." Neptune said more mature than ever her hair has gotten a more darken purple with black and some purple parts looking swim suit and her eyes having some sort of power button on there and blue eyes

"I did... I've become a CPU..." Noire so happy she looks similar to

Neptune but different she still has her twin-tails she has a gray suit like Neptunes she acts more energetic on this form her hair is pre white now her eyes are kind of cyan now too with the power symbol

"Hmmm. Looks like Noire acts different here too." Neptune said she looks at me and took another one of those CPU memories she put it on me "I hope this works..."

Plutia and Noire were quite shocked to see her try and do this they knew that I was dying and CPU's are immortal but to their surprise

"What?! NO WAY IT'S REACTING TO HIM TOO!?" Arfware said surprised and I transformed

"Huh? What I thought I was dead... Woah! what is this power it is cool!" I said extremely excited for the hair imagine Super Sayain Goku hair style it looks nice I had tight Shirt and Pants they were orange while my shoes are blue my eyes are green and because of CPU I have the power symbol I didn't have a weapon I used my fists, I knew martial arts so I can't complain

"Wow... so you are the first ever male CPU..." Neptune said to me smiling that I was still alive, I looked at Arfware

"You gave us a beating and nearly killed me..." I cracked my knuckles and smirked "Time to return the favor... well except for the killing part that is, I don't kill." Plutia laughed

"Hahaha! What a predicament for you, having to take on all four of us. Your body might just break!" Iris Heart said smirking

"Don't act so confident... Those CPUs are the same as freshly hatched chicks." Arfware stated "Rather, this is preferable. I'll destroy you all before you can amass any more power!" But what they didn't know is that Daiki was holding back at least 35% of his true strength

Plutia said how she mad she was at Arfware for nearly killing me and tormenting the other girls without her permission which made a chill run down my spine and the fight began

Not holding back I charged at her quickly like I disappeared everyone was looking around for as I arrived behind Arfware I kicked her to Neptune for her to use one her moves\*\* CROSS COMBINATION, FIGHTING VIPER, LACE RIBBON DANCE!\*\* The three CPUs used their skills and hit Arfware she was still standing but hurt I used an ability from dragon ball z my favorite fighting anime I mentally thank Goku for this move as I teleported in front of her and used the most common DBZ move against Arfware I put my hands together and put them to the side and decided to yell this out.

"KAAAAAAA" I started

"You pest!" she charged at me only to be parried by Noire

"TO get to him you have to get through me!" Noire said proudly

"MEEEEEEEEE HAAAAAAAAA" I was almost done

Noire went to her and used Muscle Memory to increase her strength Plutia and Neptune Charged at her and used their most powerful move Neptune Using Cross Combination and Plutia using Fighting Viper I was about done charging the attack

"MEEEEEEEEEEE" I was done charging it "GET OUT OF THE WAY NOW!" I yelled and they moved away

"HAHAHAHAHAHAHAHAHAHA!" It wasn't powerful so it didn't kill her she was badly injured and was having a hard time to stand up she was defeated

"You accursed four-teaming fools...! Do you find it heroic to battle an enemy four against one?!" She said angrily I just sighed

"If you are not satisfied of how you lost I can always fight you one on one." I said "Arfware since it was a four on one I held back a lot you oldie"

She got irritated "MY NAME IS NOT ARFWARE IT IS ARFOIRE AND IM NOT OLD!" she yelled "I WONT FORGET THIS!" and she ran off

Noire and Plutia were about to battle about Noire going to scold her but is now going to do it in her HDD form now that they are both CPUs I just sighed to stop their fight

"Don't, Noire. If Plutie/Plutia hadn't transformed and come to our aid we would not be in one piece... especially Dai/me" Me and Neptune said at the same time

**\*\*HUGE TIMESKIP\*\***

Neptune Noire and Plutia are in the bath I didn't come cause obviously I'm a male but Plutia and Neptune tried to make me go with them but Noire with the common sense stopped the two of them, they just pouted and went in I thanked Noire and she was off in the bath too I just fell asleep They had a lot of fun apparently well Neptune and Plutia that is I woke up and saw a fairy it was probably that Histy person she looked at me and asked

"Hello Daiki, can you get Neptune and tell her I got the signal?" Histoire asked and I nodded

"Sure!" I stood and went to get Neptune through the washroom though I wasn't an idiot and I actually knocked and Noire replied

"Yes Daiki?" she asked me

"Can you tell her Histoire got a signal?" I asked and Noire nodded

Histoire got the video feed up and I was surprised by how cool that actually looked

"Yo, Histy! Can you see me? It's a-me Neptune!" she said making a Mario refrence she looked and everyone from her dimension(Changing it up a bit) well first the CPU and the CPU Candidates they looked at me and yelled

"WHY IS THERE A BOY WIITH YOU?!" they screamed in unison which made me jump and I just tilted my head in confusion

"Wait is it weird to see a boy wait never mind" I looked at tiny Histoire and asked her "Hey Mini-Histy since you are letting take a guest room and letting me stay I will just do some quests and raise up Planeptunes shares since I'm a CPU n' all" Everyone except Neptune Ultra Noire and Plutia were shocked but I shrugged it off and apparently Plutia didn't let me leave without them so I stayed. The rest of the conversation is that big histoire can get Neptune back into her dimension in a couple of days.

"You are a CPU Daiki?" Mini-Histy asked I nodded "Well show us transform." I just sighed and nodded fine everyone even the other dimension people looked at me intensely

I was enveloped by a bright light when it died down I was in my CPU form I just smiled and asked "Well, this enough proof for ya!" I said with a lot of enthusiasm they all nodded slowly and told them my name is Golden Heart in this form. The rest of them were shocked with wide eyes

\_ 'Hmmm can I get home soon? I hope I can...' \_I thought thinking about back home

Neptune and Plutia were sleeping not doing any work (obviously) as I was doing quests to raise shares I walked in a and greeted Histoire as we walked in the room we saw them sleeping. Me and Histoire were pissed.

"NEPTUNE AND PLUTIA YOU ARE NOT DOING ANY WORK WAKE UP!" Me and Histoire yelled at the both of them

"But I'm too sleepy..." Plutia said with a yawn

The day ended with them getting lectured except for me.

"Can't we take a break Daiki Mini-Histy?" Neptune asked us

"No. Plutia you are always sleepy, and Neptune the one who should take a break is Daiki! ou haven't even begun working yet!" Histoire was gonna lecture them "Daiki is just a new CPU and he is already helping Planeptune out... as for you two you haven't done anything at all!"

so the day ended with Plutia and Neptune getting Lectured. Noires new nation was almost built and I was doing the quests knowing Neptune and Plutia they didn't help

\* \* \*

><p>That is why I am in this dimension seeya next chapter bye!<p>

## 2. Chapter 2 Quick trip to Hyperdimension

\*\*WELCOME BACK TO DAIKIS WEIRD ADVENTURE I DUNNO WHO HE PAIRS UP WITH BUT WE WILL FIND OUT SOON, OH YEAH DOESNT FOLLOW RE;BIRTH 3 STORY

BTW\*\*

\* \* \*

><p>"Ughhh, so tired can't move a muscle!" I groaned in pain as I was trying to stand up<p>

"I told you. You were working too hard, Daiki, now you are too tired to even move!" Mini-Histy said to me as she entered my room "You need to take a break, you can walk but not work!"

"Okaaay, but who will do the work if I wont?" I was asking Histoire "Neptune and Plutia wont do work obviously. Look they are still sleeping" as I said that a tick mark appeared on Miny-Histy's head

"You two... GET UP!" She screamed Which was loud I had to even shut one of my ears "You two are just leaving all the work on poor Daiki here!"

\_ 'Poor? Do I look that poor?' \_I thought obvlivious that it was just a statement

"Hmmm? Oh it's just Histy..." Neptune said still tired

"Awww... We were having... a nice nap..." Plutia still being the usual tired person she is

"Uhh, guys? What's happening to me?" I was freaking out the looked at me

"NEPU! Dai your glowing!?" I deadpanned while I'm still shocked and I disappeared

"Huh? where did he go?" Plutia asked looking around

\*\*? SOMEWHERE!\*\*

"Hmm... this feels like it happened before..." I looked around "... WAIT A MINUTE IM FREE FALLING AGAIN! OH GAWD PLEASE NO!" soon enough it wasn't that long before I crashed

\*\*NO POV\*\*

"Nepgear? I need help with this" A tome asked Nepgear was currently was with all the CPU and CPU Candidates till

\*\*CRASH\*\*

"What the goodness?!" Nepgeaaar moved back startled

"Everyone, get outside now!" Histoire asked as soon as everyone got out they saw dust and as soon as the dust cleared they saw me

"OUCH! Man... even if it wasn't that long of a fall that hurts..." I stood up rushing all the dirt out of my clothes I didn't notice them "Oh hi! Sorry for wrecking your property a lil but... can you tell me where I am?

"... AHH! ITS THE BOY THAT WAS WITH NEPTUNE!" they all screamed

"Alright...3...2...1...GO!" I moved out of the way and Noire tried to stab me but I side-stepped and punched her in the back, which made her sent flying but I didn't stop there, I continued my attack doing repeated spin kicks eventually kicking her head which she was sent flying. Vert came right at me **\*\*RAINY RAPNATURA** (forgot name I think this is\*\* it) and used good swift attacks but with my speed it was nothing I dodged them quickly and punched her in the gut kicked her at the head making her crash to the wall. Blanc came right after her using heavy attacks which hurt me a bit She used**\*\* HARD BREAK\*\*** and tried to hit me with the hammer but before the axe came in contact I grabbed her wrist and flipped her using Quick and Heavy punches with

the last punch sending her right near Vert. They all went in the same place so I decided to finish this match mentally I thanked Goku from DBZ for this move

I charged at them as I golden dragon (not real) appeared out of my hands "TAKE THIS! DRAGON FIST" with that they were all defeated and I reverted back to normal "Whew that tired me out. You guys okay?"

"Wow... we couldn't touch you, you have so much potential" Noire said quite amused

I extended my hand to Blanc and Vert to help them get up "Ha Ha you both cool?"

They both took my arm and nodded a 'yes' and they reverted back to normal and it became night time

I was thinking hard about where do I sleep "Wait a minute... Where do I sleep?"

Nepgear walked forward and brought me back to the basilicom and went to a room "This is a guest room you can use it if you want"

I just nodded "Sure!" I just went to my bed and slept although next morning

"\*yawn\* hey guys... wait a minute IM GLOWING AGAIN... Im going back to the Ultra dimension Welp See ya guys soon" before they got to say anything I disappeared

**\*\*PLUTIA POV\*\***

I was looking around if I was hearing things but I heard singing "Do... you guys... hear that...?"

They all looked at me confused "Hear what Plutie/Plutia"

"I hear singing from the sky" I answered

They were listening and they heard it as they all spoke "OH! I hear it!"

came as a boss so we were fighting him we all transformed but I still couldn't get the person who was singing out of my head even Neppy and the others it became clearer

"Ever~~~yy boddyyyyy yeaahhhh"

"Rock your bod~~~y yeahhhh"

There was smoke and when it cleared we saw Dai

"DAIKI'S BACK ALRIGHT!"

**\*\*DAIKI POV\*\***

"DAIKI'S BACK ALRIGHT!" as I arrived I looked back and saw an enemy

"Oh... an enemy bad time to show up but..." I transformed and pointed my fingers at him "...Time to take the stage!" Blanc and Vert (Ultra dimension duh) were in shock that I was a CPU

Blanc just shook her head while Vert had a seductive look that kind of scared me "You... are a CPU?"

I just nodded "Yup, I am! My name is Golden Heart in this form!" I said enthusiastically "So, we gonna take him down any moment or what?" They all nodded

"Alrighty! Let the games... BEGIN!" I rushed towards him and punched his armor with fast punches and kicks that were moving him by a lot, my last kick hit him towards Blanc who used \*\*TANZERIN TROMBE\*\* which hit him at least 4-7 times as Vert used \*\*Shylet Spear\*\* and Threw a spear and Neptune, Noire and Plutia Finished it\*\* CROSS COMBINATION, LACE RIBBON DANCE, FIGHTING VIPER\*\* with those last 3 moves he was done

"Oh... that's all you had in you... the Goddesses in Nep's dimension were more fun to fight..." I said rather disappointingly as it was really easy to beat him we all re-transformed and he ran away "Oh... he got away, well whatever hey Plutia, hey Neptune! it's been like 1 day?"

They nodded a 'no' which had me confused and Plutia said "Noooo, you... have been... gone... for week..."

I looked at her really confused but then realized time can be different in both the Ultra and Hyper dimension so I just nodded\_ 'okay\_' I looked at both Vert and Blanc who were cautious

I just sighed "I'm no crazy person... whatever my name is Daiki or you can call me Dai for short"

Blanc went up forward to introduce herself "My name is Blanc, CPU of the greatest nation Lowee"

Second was Vert to come up "My name is Vert, I hold the greatest breasts in all of Gamindustri"

I just scratched my head and thought \_'Man she said the same thing in Hyper dimension...'\_

Noire came up to me and asked "Have you founded your own nation yet?"

I nodded 'no' and she was quite surprised "So you are a God, without your own nation?!"

I sighed and gave her a reason why I don't want to "Look if I do, I'll disappear one day because you know... I will be sent back to my own world and there will be no one to take care of the nation..." I think I made a Valid Point "That and I just don't want to"

She just sighed at the last part but thought I had a valid reason we were all going to look for IF, Compa and Peashy who have all been taken away

\* \* \*

><p><strong>AND THAT IS IT ALL OF YOU THANKS FOR READING  
!<strong>

### 3. Chapter 3

**\*\*AGAIN HI! NOTHIN TO SAY TO STORY!\*\***

\* \* \*

><p><strong>CHAPTER 3: FINALLY MAIN ANTAGONIST?! AND NEW POWER  
UNLOCKED?!<strong>

Neptune, Plutia, me and the rest were just lazing around. I have no quests to do apparently all are done right now... It's been around 3 years since I been here

As I was looking at the ceiling, everything bored me till...

**\*\*EXPLOSION\*\***

I jumped up and transformed looking where the explosion was. Apparently everyone heard it as I saw Noire, Blanc and Vert there I landed and decided to ask a few questions "Hey, what's wrong?" I asked they turned to me and I felt a super strong power in that pod, I told them to back up a little I reverted back because it takes a lot of my energy in that form as I approached it I felt someone punch me in the gut, I moved but holding my gut and as I looked up I saw someone with Red crimson hair, with red eyes, and some weird armor.

I decided to fight him I got into my stance. He looked at me quite amused with my strength and he used a fighting stance as well \_'Oh he also uses martial arts...'\_ I charged towards him I tried to punch him, but he caught it with one hand he pulled me in and some sort of quick energy blast sending me flying to a rock. I coughed out blood and decided still not to transform but take this seriously, I rushed towards him as I was punching him I teleported behind him and I did several Quick Punches and kicks he looked in pain I kept on doing it and rushed to his front and gut punched him.

As he stood up he finally talked "Looks like with you I can show my true strength!" He started screaming as if he was building power and I saw him transform he had this golden aura surrounding him, he had no changes in his hair but it was now Gold and teal eyes I now knew I had to transform before this gets worse

I looked at him in shock "NOIRE, BLANC, VERT! GET PLUTIA AND THE OTHERS WE WILL NEED BACK UP!" I yelled and they nodded flying to Planeptune I sighed and looked at him "Looks like I need to take this seriously as well..." The white light faded "Golden Heart transformation complete." I took my fighting stance again. It was silent for a few moments before we moved the clashes we made cracked the ground slightly, I did a round house kick and he dodged it with ease... He kicked me in the face with a lot of force sending back a lot breaking a few mountains

**\*\*NOIRE POV\*\***

We arrived at Planeptunes basillicom to get help from Neptune and Plutia

"Noirey why are you here?" Plutia asked me I was about to say something but Blanc said it instead

"We need both of your help!" Blanc said slightly raising her voice

"Hmm, why's that?" Neptune asked

"Daiki is fighting a crazy strong opponent! He needs he-" I was cut off with explosions

**\*\*EXPLOTION EXPLOTION\*\***

I looked at them intensely "Cmon lets go!" we all left the basillicom and flew back

**\*\*DAIKI POV\*\***

I was quite tired and he doesn't seem tired at all "Dammit... you are too strong..." I said "...But I can't give up!" I said excelling my strength he looked quite surprised

"Tell me what's your name?" I was taken a back but answered

"Daiki. What's yours?" I asked hoping he would answer

"Ryo." He said as he rushed towards me I blocked the first few punches before he teleported behind me and punched me in the back sending me to the ground with a loud crash

**\*\*NO POV\*\***

The gang had just arrived and they saw him getting hit towards the ground they flew to him "Dai... are you alright" Neptune asked a little worried

He tried to stand up "I'm fine Nep..." Neptune stopped him he undid his transformation as he was struggling to stand back

"Dai, leave this to us~!" Plutia/Sadie said he just nodded an 'ok'

They all rushed towards him Neptune used her Neptune Break on him, he dodged every single hit, Blanc used her Hard Break and hit him to a wall, as the debris faded he was unscathed

"Pathetic..." He muttered as he punched Blanc making her useless in the fight, Vert Neptune And Noire used their best moves at once Spiral Break, Neptune Break and Infinite Slash it did absolutely nothing on him though. They rushed towards him swinging their swords and a lance at him with all their speed he eventually punched the three of them and now It was Plutia's turn she attacked him very fast and strong he was hurt slightly... but she left too many openings and he kicked her in the stomach. They all undid their transformations and were lying on the ground as Ryo said these final words.

"This is pathetic, only 'he' can bring me a challenge." Ryo said pointing at Daiki "But now I will kill you all and destroy this world!"

**\*\*DAIKI POV\*\***

I felt so many emotions but most of all anger. PURE ANGER at what he said. \_'Kill them all and destroy this world?!'\_ \_I thought as I stood up and looked at him with rage he looked back at me "NOOOOOOOOOOOOOOOOO! I WON'T LET DESTROY THE WORLD AND KILL MY FRIENDS!" I shouted as the ground beneath me cracked open, I didn't go CPU but I gained a new power My hair had the same style as My God form but this time it was blue and with blue eyes. I looked at him with anger "I will stop you no matter what the cause!" I shouted which made him move back he rushed towards me and punched my gut, I was unfazed. "You think I will let you kill all these innocent people, you are beyond forgiveness"

Ryo moved back with fear in his eyes "Wha-What are you?!"

I looked at him "I am hope of the Universe. Ally to good, nightmare to you!" I rushed towards him kicking his face sending him towards a mountain almost splitting it in half he rushed back sending back a lot of quick punches and kicks although I dodged as if it was nothing. and I punched him in the gut then sent a energy blast at him and as he was hit and the dust disappeared he was struggling to stay up

He was really pissed "THAT'S IT SAY GOODBYE TO THIS WORLD OF YOURS!" He summoned a huge energy that can destroy this world I was a little worried I flew towards him "HAHAHAH TAKE THIS!"

He sent the Huge energy ball at me I held it back it was a bit much for me too I was pushed back and was being engulfed in it I powered up to my limit. "THIS IS NOT OVER YET!" I yelled and prepared my most powerful Kamehameha to send this back "KAA MEE HAA MEE HAA!" I sent the ball back and Ryo dodged it barely. "This your chance leave! while you still have a chance..." He was really mad He teleported away and I knew he would train and come back for me

\_ 'I need to get to Nep and the others' \_ I undid the transformation and turned to them with a smile as my knees felt weak eventually I blacked out

I woke up and as I did I saw all of them excluding Vert were crying I was curious and asked "Hey... why are you guys crying?" This got everyone's attention

"Daiki?" They all said and I nodded they all cried and came to me

"Do you know how long you have been out for?" Noire asked me holding in more tears

I was now thinking "Uhh... one day?" I said as a question she nodded no

"No you have been out for two weeks, we all thought you were dead" she said

I looked at all of them who sucked in their tears and I smiled saying "Well I'm not dead sorry to worry you all, I promise I won't do it again... not unless I have to" I mumbled the last part

"Dai did you say something?" She asked I nodded a 'no'

Histoire entered the room "Hello everyone how is Daiki..." She was worried as well

I stood up "I'm alive and well... how are you?" I said that she went and cried on my shirt "Sorry to worry you I'm fine now."

Neptune then suddenly said "Histoire the party done?" I was gonna ask but decided not to

"Well now that I am awake... LETS PARTY!" I Shouted putting my fist in the air

"YEAH!" They all yelled and that was when I thinking what kind of power did I use against Ryo whatever it was I needed to master that power for more fights in the future

><p><strong>CHAPTER 4: THE TOURNAMENT!<strong>

It has only been a few days since I fought Ryo. I have been training past my limit and well now I'm very sore; I have been trying to get all of Goku's moves cause they are easy. All I managed to achieve is the Kamehameha, his super saiyan (but I'm incredibly weaker than him so it's kinda weak), his Dragon Fist and unfinished Kaio-ken... I finished todays training and turned on the T.V to see something catch my eyes. "Hellooooo! Everyone do you want to fight an epic battle?" I nodded as if he was talking to me "Well then join now!" I told everyone I was entering and they told me they saw it and they were entering as well. I got out my laptop and signed up for the preliminaries, there were 32 people entering.

I stood up and was excited and went back to training "This is gonna be fun!"

\*\*TOURNAMENT DAY\*\*

"Hey! Hey! Hey! Welcome to the Preliminary tournament!" He explains how it works. "You all will be choosing balls inside this box numbered 1-32 and whoever you get you fight and whoever wins goes to the next round! And the champion get's to choose three other people to go with him/her to the national tournament as a team!"

I looked at all the contestant they all looked pretty tough but don't know till I fight

"Contestant Daiki!" I went up and grabbed a ball "#1" and we all went and Blanc was "#19 Noire was #21 #Neptune was #32 Vert was #6 and Plutia was #3

"AND CONTESTANT DAIKI VS CONTESTANT SHIRO!" he said "BATTLE BEGIN"

I got into a fighting stance "Are you ready" He nodded "Sorry but I'll end this quick.." Or so I thought, all of a sudden his elbow was in my stomach

"Wha?!" I moved back in pain as He vanished and appeared in front of me kicking me "CRAP!" I blocked it quickly and punched him in the face "HAAAAAAAAAAAA! KAIO-KEN!" I still didn't perfect it but I didn't want to use my CPU form "Ka...Me...Ha...Me...Haaa!" He was behind me now "This is for you!" I kick him sending him flying "KAIO-KEN X3!" I rushed towards him and grabbed his leg spinning him and throwing him out of bounce. "The winner is Contestant Daiki!" Everyone cheered and clapped

\*\*CLAP CLAP CLAP\*\*

I was tired using the Kaio-Ken "\*pant \*pant\* yay I did it!" I mumbled as I walked to Neptune and the others

They looked in shock "Woah! What was that move?!" They all asked

"Well I call it the Kaio-Ken, it increases the users strength doubled if you used Kaio-Ken X10 it increases it ten times." I explained "...But puts huge strain on the body." I said

Multiple shouts and screams with claps were heard I was kind of scared for next round I went to Plutia and told her "Don't transform unless your really! really! angry! got it?" She nodded "Good!"

"Next up is Contestant Ryo VS Contestant Plutia!" He announced That got me worried

\_ 'Oh No\_ she is fighting Ryo...\_ ' I thought worried Plutia was angry at him for last time and she transformed

"Insolent Brat! I'll make you pay for what you did to me last time!" She already used her EXE he didn't seem fazed He dodged all the attacks and he punched her out of he ring. "Out of Bounce Winner is... Contestant Ryo!" He said Everyone cheered

We all saw Vert go into the arena for her match "Contestant Vert VS Contestant Tom!" The Announcer started "BEGIN!" Vert Didn't bother to transform as she summoned her spear and her opponent summoned his lance. The battle was intense they hadn't landed a single hit on each other. Before Vert Smirked "Time to finish this!" she used he EXE Drive\*\* SPIRAL BREAK\*\* She hit Tom several times and lastly threw her spear at Tom which made him unconscious. He checked Tom's pulse to make sure he isn't dead "The winner is Contestant Vert!" He shouted we had time before Blanc's match so we went out to eat

"Sorry about your loss Plutia. Didn't know 'he' would enter..." I

said She didn't mind

"It's...okay you will beat... him for me righhht?" She asked

"OF COURSE! I will beat him like last time!" I said enthusiastically  
\_'but I still can't use that transformation like I did before...'\_ I  
thought after we ate we all went back as it was now Blanc's Turn to  
fight She got Into the ring

"BEGIN!" The announcer shouted Blanc rushed towards her enemy and she  
tricked him by going to attack with her hammer but she threw it in  
the air now using her fists and the hammer landed on his head making  
him dizzy and fell out of the ring "The Winner is Contestant Blanc!"  
Everyone Cheered now it was Neptune's turn she was fighting a kid but  
now was Noire's turn

"BEGIN!" Noire drew her rapier and she was fighting a Lastation  
citizen and he gave up I was laughing...HARD! now Neptune's turn to  
fight a kid

\_'This will be funny' I thought to myself\_

"BEGIN!" As the kid ran to fight Neptune was just sticking out her  
hand as he can't get near Neptune I dropped down laughing as Neptune  
walked and pushed him out of bounce "Winner is Contestant Neptune!"  
He said and Neptune went back disappointed

"Well...Uh that was sad..." She said as we all walked out I saw Ryo  
walk to me and laughed

"Hahahahaha! If you lose I will destroy this world!" He said all  
confident

I growled at him and his confidence "grrrrr" But I just left  
him.

**\*\*Second round\*\***

"Welcome back everyone! for round two!" He said "You all excited!?"  
He asked them all Everybody was like 'YEAH!' "Second Round first  
fight! Contestant Daiki Vs Contestant Ryo!" Everyone was a little  
silent "NOW BEGIN!"

"Now are absolutely sur-" I was about to say until I was  
interrupted

"YES! I will kill you and destroy this World!" He said

"Alrighty then Kaio-Ken!" I said and went Kaio-Ken

"Kaio-What?" He said before I punched him and kicked him a lot before  
he kicked me back and threw a large blast that ruined my  
shirt.

"Kaio-Ken X3!" I said and rushed at him

"Times What?" I punched him into the arena ground making a deep hole  
Before I asked "Are you okay in there?"

There was a little silence before he replied "Yeah... I'm Fan F\*ckin

Tastic, I'm surrounded by gumdrops and Ice cream..."

I wanted to go in "OH! CAN I COME IN TOO?!"

He just sighed "\*sigh\* I'm surrounded by idiots..."

I was confused "I thought you were surrounded by gumdrops and Ice cream?"

He screamed and flew up to the sky charging an attack "THAT'S IT DAIKI SAY GOODBYE TO YOU AND THIS WORLD!"

I sighed "That's not very nice..."

He was really irritated "OF COURSE NOT I'M F\*CKING EVIL GALICK GUN!"

I heard a complete different thing "Oooh did you say garlick-"

I was cut off by his screaming "AHHHHHHHHH!"

"OH BOY!" I went kaio-ken "Ka...me...ha...me...haaaa!" Our beams clashed I was losing the clash though

"Hahahaha! This is it Daiki I put most of my strength into this attack!"

I started "Kaio-Ken...!"

"No." He started

"Times...!" I was gonna go to Times Four

"No. No. No!" He didn't want that to happen

"FOURRR!" I screamed as the beam went towards him

"NO! NO! NO! NO! NO! FUUUUU!" He yelled as He fell to the ground I was about to throw him

"Wait!" He started "I haven't used my full power yet!"

I looked confused "I don't see how that's my problem."

He found a solution" Wait! if you let me power up I'll give you a pizza!"

I was mad "You tricked me before!"

"Two Pizza's!" He said

"I said that's not gonna work" I rushed towards him

"...With stuffed crust." He said which made me stop and the girls were mad

"...Daiki~" They all started

I tried to give them an explanation "Stuffed crust guys! You can eat it in reverse...!"

They look dumbfounded "I don't know why we are talking about this right now..."

I also looked dumbfounded "Me neither..."

Ryo went full strength "Thanks for letting me Transform By The Way!"

I looked back at him "Wait Wha" I said before he punched me it really hurt

\_ 'Man Ryo at full power hurts I gotta transform!' \_I thought as I transformed He punched me but did minor damage

He was angry "Grrr I will kill everyone now!" He moved his hand as I went to him and grabbed his wrist "Wha stop! Let go of me!"

I tightened "I'm going to break you!" I said

He looked confused "What?" I broke his hand "Ahhh!"

"Like a Kit-Kat Bar" I said

It was silent and he was still confused "What?" I punched him he was sent flying he looked at me and thought \_ 'What?' \_ I went to him and broke a bit of his back with my knee "Ahh!" He screamed he shot some beams but it missed me he was angry

"You! You're different, What the hell are you?" He said

I sighed "I already told you but fine I'll say it again... I'm the hope of the Omniverse, I am the bacon in the fridge for all living things that cry out in hunger! I am the Alpha and the Amega. I am the terror that blacks in the night! My name is Daiki and I am a Super-" He blasts me making my head move up as I fixed it I finished my sentence "...God!"

\* \* \*

><p><strong>That is one weird fight going on right now but it will finish next chapter so see ya guys later<strong>

## 5. Chapter 5

\*\*CHAPTER 5: DAIKI'S NEW ULTIMATE MOVE...! AND DIMENSION PORTAL?\*\*

"...God" I said with a smirk while Ryo Was growling at this new strength "But I gotta say this God Form feels different somehow. Meh not as powerful as last time I fought you."

"That's it I will destroy you!" He said

I charged up a lot of energy blasts "HA! HA! HA! HA!"

"Hmm hmm hm hm!" He hummed while dodging all of it and he stopped dodging and I missed "Ummm... I stopped dodging. Seriously are you even trying to hit me?"

I still missed "NO!"

"What the hell do you mean by no?" he said as he looked around "Oh. Oh! OH! shit..."

"HELLZONE GERNADE!" I said putting my hands as if I was hugging myself

\_'Aww man... It even has a cool name...' \_Ryo thought as he was hit by all of them and dust filled the area. When the dust subsided he was still there "Okay how..."

"Well first off I dodged them, secon-" He was cut off by me punching his face and he dashed over kicking me in the process which hurt bad. REALLY BAD that I coughed off some blood.

\_'Man, He is powerful even this god form is having trouble... Good thing I trained a lot last night'\_ I got out of my God Form and stood in a position which you would make on a toilet "HAAAAAAAAAAAAAAAAAAAA!" with that the whole arena started to shake. My hair got more spikier, and my muscles got more buff and I had more serious face "This will end you..." I said I immediately disappeared and I appeared in front of him and punched his stomach, he backed up quickly and our fists clashed and waves keep flowing And after a few times A portal appeared but I was too busy fighting I didn't notice and he punched me a lot in the gut and I was nearly finished

"Grrr. I still have one move! It has 10% Chance to work" I Charged my energy again and it worked "Yes...! KAIO-KEN!" I still was gaining more power

"WHAT?! His power is increasing by 3x 4x 5x No...!" He said shocked at the power increase

"x10! KAIO-KEN x10" I said as I appeared behind him and looked like I disappeared and reappeared in my original spot "LET'S GO!" I rushed at him and I punched him in the stomach "It's over your power is way below mine." I said seriously "But if you won't give up then...!" I punched him hard enough to make him fall off the ring. Silence Filled the Air

.

.

.

"Th-The winner is Contestant Daiki!" The announcer shouted "What a heated battle folks! Daiki What were those moves?" He asked probably meant the Ki Blasts

"Oh that was Energy blasts" I said as I walked off I saw 2 Noire's 2 Verts and 2 Blancs and 1 new person. "Oh if it isn't Hyperdimension Noire, Blanc, and Vert. How have ya been?" I asked the three

"Well what we would like to ask is that have you been holding back on us when you fought us?" Noire said

\_'OH CRAP! She saw me fight but wait?' \_I thought "How did you get

here?"

Then everyone pointed at the portal "How long has that been there?!" I asked shocked about how that is possible "From your shock waves from Ryo" Ultra Noire Explained

I coughed "Anyway... who are you?" I asked the Hazel Brown haired girl

"Hmm? Me I'm God Eater" She said (Just search HDN God Eater)

\_ 'What a minute Neptune and the others are CPUs and they are called Goddesses, and I am a CPU as well but I'm a male and that would mean I am a God which means...' \_I thought then I started to run away "DON'T EAT ME I AM NOT DELICIOUS!"

"What does he mean?" God Eater asked

"Well you see Daiki is a God" Ultra Noire said

"I'm too young too be eaten!" I said in fear which made everyone sweatdrop

"That's just my name I'm not actually gonna eat you" God Eater said which made sigh with relief

"Well after that battle I'm hungry. I'm gonna go and grab about a whole menu!" I went to a restaurant sat down and ordered my food and I stuffed my face until half an hour passed and I finished eating "Man! that was good stuff!" I walked out to see everyone crowd around something, I saw two suspicious people fly away. I walked up to Neptune and the rest to tell them something serious is about to happen and I'm leaving they all agreed and they were gonna leave too (LOL TOURNAMENT ENDED but wait theres more)

I followed them and I saw one guy following them I went to him and asked what is going on "Well those two have enough energy by your and Ryo's fight and is going to release a monster that can destroy this world!"

I was shocked I thought Ryo was enough now a New Enemy "Oh great I messed up..."

"No the tournament was to lure you to use a lot of energy or this moment" When he said this I was surprised I clenched my fist

"Dammit this is my fault..." I said disappointingly that I screwed up only for Everyone to have followed me and they were carrying Plutia and God Eater

"Daiki where are you going?" God Eater asked I explained the whole situation and how I'm going to stop this from happening we finally appeared on the island only to find out we were being attack

"ALREADY!" I shouted as I shot several blasts destroying the machines "That's better" I saw a humanoid person walk up to me and also to see that Ryo was behind me "Ryo can we call truce? We need to beat the guy in front of me" He grunted by agreed but he wanted first hit I ignored that part and Punched the humanoid in the face and the whole

explanation about his plan to be perfect and fight us seriously and his name Ryo agreed

"Fine absorb that person!" Ryo said with so much confidence

"I think I'm going to be the only voice of reason and say absolutely not!" I said while kicking him to a mountain

"Ryo! Daiki is picking on me!" Shido said

As I was flying to him I heard Ryo "Learn to share brat!" he kicked me to a mountain

"Daiki! Are you okay" They all asked

"That's better" Shido said while walking to the person he needed to absorb to be perfect

I flew out pissed "That is it!"

"What are you doing!" Ryo said

"What am I doing?" I questioned

"Thwarting my plans!" He said

"Thwarting your plans?" I asked confused again

"ARE. YOU!" He shouted

"YOU KNOW WHAT YES!" I shot a large blast at him sending him flying away

"FUUUUUUUUUUUUUUUUUUUUUUU" He shouted as he was getting swept away

As he was walking towards the person I saw Neptune and the others fight him which they are having an effect which seemed interesting "DAIKI KICK!" I shouted kicking him away "Everyone grab hold even you! if you want to live!" She obliged and we teleported away When we all came back we were tired "Okay Everyone listen up to make you all stronger to fight someone like him I will train all of you!"

"How?" They all asked

"My eyes are very good to see hidden potential and all of you have hidden potential in you!" said said they all nodded okay and we were starting tomorrow
